Vendor fees at Railroad Park:

Income generated through our partnerships with approved caterers and vendors is an important and vital revenue stream for Railroad Park. Thank you for understanding that caterers and vendors may not provide discounted services for events at Railroad Park.

Special provision:

If one of our approved caterers or vendors does not provide the services your event requires, Railroad Park may, in extraordinary circumstances, allow an outside caterer and/or vendor. The company must schedule a meeting with the Park's Director of Events at least one month prior to the event date to discuss logistics and the Park's policies and procedures. If approved, a \$500 fee per outside caterer/vendor will be applied.
